

## CONSUMER INFORMATION

### PROGRAM INTEGRITY AND ACCREDITATION

Wade Gordon Hairdressing Academy is accredited by the National Accrediting Commission of Career Arts and Science (NACCAS). We are required to provide our outcome rates in the area of completion, placement and licensure, as well as our on-time completion rates for both campuses. If you have any questions regarding our outcome rates please see our Financial Aid Department.

On-time completion is deemed by the U.S. Department of Education as anyone who graduates in the normal completion time. When a student completes their graduation requirements, including all theory and practical assignments, and the required number of clock hours contracted for within their original contracted graduation date, that student is considered to have graduated on-time. If a student delays their graduation for any reason-such as taking a leave of absences or missed hours at school due to personal issues -and that causes them to graduate after their original contract end date, they are not considered an on-time graduate.
